

Career Services Events - Fall 2020 (updated October 8, 2020)

Your LRSD Career Practitioners simply LOVE open houses and we encourage students to attend as many of these events as possible. Sadly, this fall we will have to settle for a variety of virtual information sessions, tours and the old standby of phone calls and emails to gain answers to our questions.

The good news is that post-secondary institutions are always eager to help our students plan their future educational programming. Speak to your Career Practitioner to set up a time to connect with the post-secondary institution of your choice together. The following information may change as post-secondary institutions update their protocols for public events and repost new dates/times to their websites. We will make every effort to stay on top of this for you!

Grade 12 students take note: Many post-secondary institutions will waive application fees or offer incentives to apply during their Open House dates!
